Download

The addon seems to be crucial to the game at this point for me I have been searching forums and Google for a few weeks now and have not been able to successfully find a GS add on.. If you want to change position of unitframes/pet actionbar/buff tracker and you don't know how just reply in this thread and I'll answer your question.. - XLoot Looting interface with a button to shout all loots or tell them to party.. - Mage Fever- Mage Fever is a proc and buff notification addon for mages - ShockAndAwe- (Shaman) This displays timer bars for Shocks, Stormstrike, Windfury (internal CD), Maelstrom Weapon, Lava Lash, Feral Spirits, and your shield.

Class specific addons- RangeDisplay Essential addon for classes that rely on range!- Pallypower Addon for Paladin buffs.

wotlk addons

wotlk addons, wotlk addons warmane, wotlk addons whitemane, wotlk addons gearscore, wotlk addons healbot, wotlk addons pack, wotlk addons discord, wotlk addons details, wotlk addons elvui, wotlk addons curse, wotlk addons need to know, wotlk addons pvp

Also plays the egg timer 'ding!' sound - DruidStats- DruidStats (Druid) calculates the actual stats you will gain when you equip an item, taking your talents and current shapeshift form into account.. Addon for healers- Healbot- Best addon for healers It put's everybody in the raid in one window and you heal with just clicking on the name in the window.. Well I found the solution to that HERE!!- X-Perl UnitFrames Replaces your Unitframes, so you can modify them, also has an indicator in it for your agro, great for tanks.

wotlk addons whitemane

- Viper Notify- (Hunter) Displays a notification when the hunter is using Aspect of the Viper at full mana.. Easy for tanks to see when they need to step it up so people wont pull and for the other members when to slow down there dps.. - StunWatch - Addon for Rogues to see how long there stun will stay on - Nonce- (DK) This displays a graphical indication of which presence is currently active on the edges of the screen.

wotlk addons healbot

Battle/raid addons- - Deadly Boss ModDeadly Boss Mods Addon for raids - Omen Threat Meter- It shows how much Threat you have.. - Gem Helper- Gem Helper Search, filter and craft gems in the game!- Mill Help- This displays which pigments will be produced when the herb is milled on the herb's tooltip and the herbs needed on the ink tooltips.. This also shows enemy players in the area - TomTom- TomTom Acts as your portable navigation assistant.. Hey guys!Just wanted to share with you a lightweight custom addon pack that I made recently.. It's mainly pvp oriented but you can use it in PvE for sure Combat:link to full-size image: [imgur link](#)List of addons:Custom made script (all the UF positions, actionbar tweaks, buff tracker, dark theme etc)Capping (arena/bg timers)Gladius (arena frames)LoseControl (cc over portraits)OmniCC (cd timers)PlateBuffs (debuffs/important buffs above enemy plates)SnowfallKeyPress (spell activated on press instead of release)Memory usage: 3 MBTexture pack HP textures you should put it beside AddOns folder in this directory Wotlk > InterfaceFontsYou can click on any addon from the list and download it immediately.. - Atlasloot- Shows the loot from all bosses - RecountShows how much dps/healing (and some other stuff) everybody does.. - SexyMap Gives your minimap a sexy look - SpartanUI SpartanUI is designed to free your screen by moving a majority of the interface elements to the bottom.. - IceHUD This is designed to keep your focus in the center of the screen where your character is.. It's main purpose is to track the closest plants, deposits and treasure locations on your minimap..
